1. Christians are called to be different from others.

Christians are influenced by Christ within them, not by the world around them. **Second Reading:**-Do not model yourselves on the behaviour of the world around you, but let your behaviour change, modelled by your new mind.

If we fail to realise God's ways are different to the ways of man, we may be pushing Jesus out of our lives. **Gospel:**-Jesus says-You are an obstacle in my path, because the way you think is not God's way but man's.

People may laugh at our efforts to be good religious people and this can be very difficult. **First Reading:**-The word of the Lord has meant for me, insult, derision, all day long.

Pope Francis

We are called to not let ourselves be absorbed by the vision of this world, but to be ever more aware of the need and of the effort for we Christians to walk against the current and uphill.

2. Suffering and Pain

Jesus says in the Gospel each of us must "*take up his cross*". The cross Jesus is referring to, is the pain and suffering we all experience in our lives and in the lives of those closest to us.

The advice Jesus gives is: follow me-Be like Jesus. The most important Commandment according to Jesus, is love God and love your neighbour. Only through the love of those around us can we all get through suffering and pain. We have to be the answer to other people's prayers and be with those in pain and suffering.

Pope Francis

Caring is a golden rule of our nature as human beings, and brings with it health and hope. Taking care of those who are sick, of those who are in need and of those who are cast aside: this is human and also Christian wealth.
